MOHAWK superfine®
EGGSHELL

MOHAWK superfine®

EGGSHELL

Manufactured using only the purest Alpha cellulose fibres, Mohawk Superfine has a reputation for quality, consistency and uniformity. Inspiring great design with its superb formation, lush tactility, archival quality and timeless appeal, Mohawk Superfine provides an ideal platform for extraordinary printing results.

Produced using ECF (Elemental Chlorine Free), FSC® Certified pulp, and manufactured under a Mill Specific Environmental Management System, with 100% of the electricity required for production matched with Green-e certified wind energy.

Superfine i-Tone is engineered for digital printing, the i-Tone surface treatment offers measurably improved toner adhesion, image durability and press performance. Suitable for use on HP Indigo, digital dry toner and offset presses.

Vital Stats

- **FSC®** Certified pulp
- **ECF** (Elemental Chlorine Free) pulp
- **pH** Neutral
- **Green-e** Certified
- **HP** Certified (i-Tone only)
- **DTP** (Dry Toner Process) Compatible
- Available ICON Platinum Coated for HP upon request
- Available in Smooth and Eggshell finishes

Suitable Embellishments

Foiling, Embossing, Folding, Die-cutting

Suggested Uses

Annual Reports, Fine Art Books, Direct Mail, Stationery, Greeting Cards, Corporate Identities

Environmental Profile

Mohawk Superfine is produced using **ECF** (Elemental Chlorine Free), **FSC®** Certified pulp, and manufactured under a Mill Specific Environmental Management System, with 100% of the electricity required for production matched with **Green-e** certified wind energy.
